**DETAILED ACTION**

***Response to Amendment***

***Withdrawn Rejections***

1. The 35 U.S.C. 112, 1<sup>st</sup> paragraph rejection of claims 18-19 is withdrawn due to Applicant's amendment dated 06/25/10.

***Rejections Repeated***

2. The 35 U.S.C. 103(a) rejections of claims 1, 3, 6, 15, 17 over Jackson in view of Brown as the primary combination of references, are repeated for the same reasons previously of record in the Office action dated 03/31/10.

***Response to Arguments***

3. Applicant's arguments have been fully considered but they are not persuasive.

Applicant argues that the Office is attempting to read more from Brown than Brown discloses and cannot point to any other portion of Brown which discloses anything pertaining to a structure where a color filter is placed under a sealing panel.

Applicant is respectfully apprised that the Office actually states in paragraph 6 of the Office action dated 03/31/10 that "a common way of providing a color display" is to provide a color filter layer under the sealing panel when the display panel is a top-emitting display. This is evidenced by Yamazaki (US 6,641,933 previously of record). Yamazaki teaches that color filters 113a to 113c (column 7, lines 1-15, Fig. 1) are indeed placed under a sealing panel (substrate 110, column 7, lines 10-20, Fig. 1).

***Allowable Subject Matter***

4. Claims 18-19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. The cited prior art of record fail to fairly teach or suggest the claimed configuration of the display panel comprising the at least one filter which includes red, green, and blue color filters on the second adhesive layer, the sealing panel being directly formed on the second adhesive layer.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
